Additional Costs

In addition to the program fees, you should be aware of the following additional costs and budget accordingly:

Flights

You are responsible for booking your own international flights from your home country to Dar es Salaam.

You will be required to land in Dar Es Salaam within the specified arrival time for your program. This specified arrival time is to ensure we are there to meet you on arrival and seamlessly transfer and connect you to the Field Campus.

We will provide detailed information and assistance with flight bookings once accepted into the program.

Personal Insurance

You must arrange your own personal travel insurance for the duration of the program.

Once accepted into the program, we will guide you through the insurance process and ensure all correct insurance policies have been secured prior to the program commencement.
